have amounted to 12,998 bags, and those of rice to 8,440 bags.

Merchants are exhibiting fine displays for the boilday trade. To see the boxes and trunks dumped on the sidewalks, one wonders where and when all those goods will go. Still, as it is only a repetition of a scene familiar in former seasons, the inference is that the traders know what they are about and estimate correctly the buying resources and particular tastes of the com-munity. The advertising colum s of the ADVERTISES and GAZETTE will be found the best shopping guides at this time.

## IMPORTANT TO STAMP COLLECTORS

HAVE TO THANK THE PHI-HAVE TO THANK THE PHI-LATELISTS of Hawril for the liberal ap-preciation which my late advertisement has received. It is safe to say that hundreds of thousands of Hawriian Sinings have been sent away without receiving more than half their value in return, and what is far worse, every col-lector gets a quantity of useless duplicates. By the plan which I have so successfully worked up, everyone gets only such stamps as he needs; and besides, he gets full value for each and every kind of Hawriian Stamp. The prices which I kind of Hawaiian Stamp. The prices which I allow are better than those of ANY EUROPEAN DEALER, and are higher than most American

DEALER, and are higher than most American Stamp Dealers pay.

I receive fresh sheets of stamps by every steamer, and will send them on request to any address. The prices for these stamps are as low as those of the largest dealers. Hawaiian Stamps are good for exchange, and it should be to the minual interest of all our Philatelic friends to assist me in my efforts to make every hundred stamps bring only what will add to collections, and yor a host of worthless duplicates.

In less than nine months I have an album of nearly Four Thousand specimens by confining myself to the above plan.

# BEFORE AND SINCE

The days of Samson a luxuriant growth of hair has been symbolical of man's strength and woman's beauty. As a means of preserving this adornment of the person - a duty which should be considered, by all, of the first importance-Ayer's Hair Vigor is unequalled. If, unfortunately, your hair has been neglected and allowed to lose its lustre and color, or if time has tinged it with gray, the use of Ayer's Hair Vigor will restore its youthful appearance and vitality. This admirable preparation eradicates

Dandruff, cures all diseases of the scalp, strengthens weak hair, promotes a

Luxuriant Growth, and prevents baldness. It is, moreover, an excellent dressing for the hair, rendering it pliant, soft, and glossy, and as an article of the tollet, there is

#### nothing more essential or agreeable. Ayer's Hair Vigor

is choicely perfumed, is colorless, and will not soll the whitest pocket-handkerchief; its beautifying effects are lasting, and it is, therefore, the best and most economical hair-dressing in the world.

From Symes & Co., Pharmacertical Chemists, Medical Hall, Simla, January 5, 1889. To J. T. Davenport, Beq., 23, Great Russell Street, Bloomsbury, London, Dear Sir.—We embrace this opportunity of congratulating you upon the wide-spread reputation this justly esteemed medicine, Dr. s. Collis Browne's Chiorodyne, has carned for itself, not only in Hindostan, but all over the East. As a remedy for general utility, we must question whether a better is imported into the country, and we shall be glad to hear of its finding a place in every Anglo-Indian home. The other brands, we are sorry to say, are now relegated to the native bassars, and, judging from their sale, we fancy their sojourn there will be but evanescent. We could multiply instances ad infinitum of the extraordinary efficacy of Dr. Collis Browne's Chlorodyne in Diarrhosa and Dysentery, Spasms Cramps, Neuralgin, the Vomiting of Pregnancy, and as a general sedative, that have occurred under our personal observation during many years. In Cholcrate Diarrhosa, and even in the more terrible forms of Cholera itself, we have meyer need any other form of this medicine than Collis Browne's from a firm Conviction that it is decidely the best, and also Conviction that it is decidely the best, and also Conviction that it is decidely the best, and also from a sense of daily we own to the profession and the public, as we are of opinion that the substitution of any other than Collis Browne's is a deligent Benach of faith on the past of the chemist to presented and patients alike. We are, Sir, faithfully yours, Symes & Co., Members of the Pharm. Society of Great Britian. His Excellency the Viceroy's Chemists.

CAUFION.-Vice-Chanceller Sir W. Page Wood stated that Dr. J. Collis Browne was, undoubtedly, the Inventor of Chlorodyne; that the story of the defendant Freeman was deliberately untrue, which, he regretted to say, had been sworn to, -Sec. The Times, July 13, 1884.

Sold in bottles at is. 14d., 2s. 5d., 4s. 6d., and its. each. None is genuine without the words "Dr. J. Cellis Browne's Chlorodyne" on the Government stamp. Overwheiming medical testimony accompanies each bottle. Cantion,-Beware of Pleacy and Imitations.
